

Basel Area Business & Innovation is the investment and innovation promotion agency dedicated to helping companies, institutions and startups find business success in the Basel Area. The organization targets and attracts companies to settle, supports founders of innovative ventures, and drives high growth initiatives in order to establish the region as the Swiss business and innovation hub of the future. The non-profit agency focuses on growing the area's cutting-edge industries life sciences, healthcare and production technologies and manages the Switzerland Innovation Park Basel Area, which houses the organization's accelerator programs at its sites in Allschwil (Canton Basel-Landschaft), Basel-Stadt and Courroux (Canton of Jura).

We are looking for a highly motivated individual to join our Innovation & Entrepreneurship team, beginning immediately or by agreement as

Manager Innovation Projects Jura, Healthcare Innovation – DayOne

DayOne's mission is to shape the future of health by accelerating digital transformation in Europe's leading healthcare and life sciences hub. We act as a platform for open innovation by partnering with leading companies in the healthcare industries to develop new models for healthcare for the future.

As part of the DayOne team, you will be responsible for the healthcare innovation projects within the DayOne team hosted at the Switzerland Innovation Park Basel Area in Courroux (JU). You implement the business development and healthcare innovation projects strategy.

Your responsibilities

- Acquisition of healthcare innovation projects for the DayOne team within the Switzerland Innovation Park Basel Area in Courroux
- Identification of project partners (private and academia) and adequate sources of funding
- Development and management of multi-stakeholder projects
- Management of the broader portfolio of healthcare innovation projects at the Switzerland Innovation Park Basel Area in Courroux including medical, digital health and healthcare technologies
- Management of project subcontractors
- Management of grants and budget controlling

Your profile

- 3-5 years of professional experience in management of healthcare innovation projects
- Strong network within the healthcare and medtech sector in Switzerland
- In-depth knowledge of project management

- Experience with national and international funding landscape
- Business fluency in French and English, German advantageous
- Very strong customer and service orientation, entrepreneurial spirit, problem solving competencies, independent workstyle, strong organizational and planning skills

We offer a competitive salary, training and travel budget, as well as flexible work options with the ability to work 20% from home.
